About the Green Building Council of Zimbabwe (GBCZ)

With a vision to deliver a sustainable built environment in Zimbabwe, the Green Building Council of Zimbabwe is a not-for-profit organisation. We are committed to promoting sustainability practices in Zimbabwe's built environment and beyond through sharing best practices on green building designs, training and awareness, and facilitating green certification of buildings. We are a World Green Building Council member – the largest local-regional-global action network accelerating sustainability in the built environment (www.worldgbc.org). *Thank you for choosing sustainability!*
